ATC Insulators, Inc.  
367 Old Germantown Road  
Metamora, IL 61548

Re: Completed Insulation

To Whom It May Concern:

We are enclosing a check for the balance owed for the insulating of our home at 1409 W. Cedar Hills Drive. We want to especially say how appreciative we are of the team you sent to do the work. Cory, Vern, and Doug McBride were very polite, courteous, and respectful of our property. They were also very thorough and did an excellent job. We also appreciate working with Tom Newton. Everyone was very knowledgeable and experienced, and it showed in the installation of your product. What a great team, and what great representatives of ATC, Insulators.

Again, thanks to you all – we are warmer and are not feeling the win blow through this ‘ole house.

Peace to you all,

Bill & Phyllis Draper
